Major Employer – Windom

First established in 1980, Fortune Transportation began with only one truck. Since then, we have consistently grown and now have over 150 trucks and 3 terminals. Despite this growth, we still operate with our employee's needs in mind. With an excellent safety record, a mutual-respect-based work environment, and employee benefit programs; Fortune Transportation can help you reach your top potential. If you would like to join the Fortune family, you should approach it as a long-term relationship and not just another 'stop-off' in a transit work history. At Fortune Transportation, we are in this for the long-haul
