Date Container Must be Removed: \_\_\_\_\_ (60 Days Maximum)

Containers must be in reasonably good condition. Containers with excessive rust, missing or inoperable doors, or holes in the roof or sides will not be allowed for safety reasons. Containers must be placed in the side or rear yards. They are not allowed in the front yard. Property owners are responsible for securing the container to prevent entry by the public. Storage containers are only for temporary use and are only allowed for a period of sixty (60) days. The container must be removed from the property by the date indicated above. Failure to remove the container by this date may result in the City of Windom taking action to have the container removed. All expenses incurred by the City to have a container removed will be charged to the property owner. Failure to pay these expenses, within a reasonable time after invoice is sent by the City, will result in a special assessment of the expenses against the property pursuant to the procedure set forth in Minnesota Statutes.
